

To Whom It May Concern,

I would like to take this opportunity to recommend Preston Builders, LLC as one of the finest home builders on Maui. Colan and his able crew have built my personal home and a major office addition, as well as several other important projects for me in the recent past. I have always experienced complete satisfaction, not only with the all important quality of workmanship, but also the dependability, communication, and ease of service when dealing with Colan and his crew.

This is an individual who understands the full spectrum of the challenges of building on Maui, from site work to furniture quality finish carpentry. I highly recommend Preston Builders, LLC for any residential project on Maui.

Sincerely,

Christopher Curtis
